

Science and Engineering Fair of Houston

Display & Safety Regulations

Please address any questions regarding SEFH Display & Safety Regulations to
info@sefhouston.org

Display & Safety Committee Mission

The mission of this committee is to ensure that all competitors qualify for competition according to the rules established in conjunction with the Scientific Review Committee and Society for Science & the Public.

The Display & Safety Committee will offer guidance on Display & Safety issues for projects approved by the SRC to compete in SEFH. Occasionally, the SEFH Display & Safety Committee may require students to make revisions to conform to Display & Safety regulations. Persistent issues will be directed to a committee of individuals which may include Display & Safety (D & S) and/or Scientific Review Committee (SRC) executive committee members.

The following regulations must be adhered to when a participant exhibits a project at SEFH.

1. A student may enter only one exhibit. The student must be a full-time student in good standing at a SEFH affiliated school. The entry exhibit must be the work of the student or team entering the Fair.
2. Completed project entry and approval forms must be electronically registered on Scienteer.com prior to the deadline date for entry, including the project entry fee. Paper copies of all required forms must be available in a labeled folder at the project for fair officials (except informed consent).
3. The exhibit must be set up in the category indicated on the entry form and at the assigned location. All projects will be assigned a project display table. The exhibitor is responsible for the set-up of his/her own exhibit.
4. The exhibit must pass inspection by the Display & Safety Committee on Friday evening at the Fair. Exhibits that do not pass inspections must be removed from the exhibit area on Friday evening prior to closing time.
5. Project laboratory notebooks for all related research are highly encouraged and should be available at the display for review by judges.
6. Students for individual and team projects must be at their project during all judging periods. At least two team members of team projects must be present during judging.

Display Regulations

Maximum Size of Project

Depth (front to back): 30 inches or 76 centimeters

Width (side to side): 48 inches or 122 centimeters

Height (floor to top): 108 inches or 274 centimeters

Please be aware when ordering posters that the mechanism that supports the poster should conform to the maximum size limitations stated above.

1. All project materials and support mechanisms must fit within the project dimensions (including table covers).
2. Fair-provided tables at SEFH will not exceed a height of 36 inches (91 centimeters).
3. All demonstrations must be done within the confines of the exhibit space.

Position of Project

The fair provided table or freestanding display must be parallel to, and positioned at, the back of the designated exhibit area. Projects may NOT lean against or be supported by another project.

Forms Required to be Visible and Vertically Displayed at the Project Booth

The placement of the required forms may include the front edge of the table, the display board, or in a free-standing acrylic frame placed on the table top.

Forms required at all projects:

An original Official Abstract and Certification as approved (stamped/embossed) by the SEFH Scientific Review Committee.

1. The abstract must be the official SEFH Abstract from Scienteer and contain the Regional Seal from the Scientific Review Committee.
 - a. No other format or version of your approved Abstract will be allowed for any purpose at SEFH. Abstract handouts to judges and to the public are limited to UNALTERED photocopies of the official abstract and certification.
 - b. The term "abstract" may NOT be used as a title or reference for any information on a participant's display or materials at the project except as part of displaying the official stamped/embossed abstract.
 - It is the recommendation of the Display & Safety Committee to NOT include the word "abstract" nor the abstract itself when preparing backboards or posters prior to the fair.

Additional Forms required (only when applicable):

1. Regulated Research Institutional/Industrial Setting Form (1C)
 - a. If work was conducted in a regulated research institution, industrial setting or any work site other than home, school or field at any time during the current SEFH project year, the **Regulated Research Institutional/ Industrial Setting Form (1C)** must be completed and vertically displayed at the project booth.
 - b. The information provided by the mentor on Form 1C may be referenced to confirm that the information provided on the project board is that of the participant. Only minimal reference to mentor's or another researcher's work is allowable and must only reflect background information or be used to clarify differences between the participant's and others' work.
2. Continuation/Research Progression Projects Form (7)
 - a. If a study is a continuation/research progression, the Continuation/Research Progression Projects Form (7) must be completed and vertically displayed at the project booth
 - b. The display board and abstract must reflect only the current year's work. The project title displayed in the participant's booth may mention years of continuing research (for example, "Year Two of an Ongoing Study").
 - c. Reference to past work on the display board must be limited to summative past conclusory data and its comparison to the current year data set. No raw data from previous years may be publicly displayed; however, it may be included in the student research notebooks and/or logbooks if properly labeled.

Forms Required at Project but not Displayed

1. Forms, excluding those listed above, that were required for the Scientific Review Committee approval should not be vertically displayed, but must be available in the booth in case asked for by a judge or other SEFH official. These forms include, but are not limited to, Checklist for Adult Sponsor (1), Student Checklist (1A), Research Plan, Approval Form (1B), and a photograph/video release form.
2. A photograph/video release form signed by the subject is required for visual images of humans (other than the participant) displayed as part of the project.

Forms NOT to be at the Project Display Booth or in the Exhibit Hall

Completed informed consent/assent forms for a human participant study are NOT to be displayed and should NOT be present at the project display. The participant may include a sample (incomplete) form in their logbook or research notebook but under NO CIRCUMSTANCE should the completed informed consent/assent forms for a human participant be in the Exhibit Hall.

Photograph/Image Display Requirements

1. Any photograph/visual image/chart/table and/or graph is allowed if:
 - a. It is not deemed offensive or inappropriate (which includes images/photographs showing invertebrate or vertebrate animals/humans in surgical, necrotizing or dissection situations) by the Scientific Review Committee and the Display & Safety Committee.
 - b. It has a credit line of origin ("Photograph taken by..." or "Image taken from..." or "Graph/Chart/Table taken from..."). If all images, etc. displayed were created by the participant or are from the same source, one credit line prominently and vertically displayed on the backboard/ poster or tabletop is sufficient. All images MUST BE properly cited. This includes photographs and/or visual depictions of the participant or photographs and/or visual depictions of others for which a signed photo/video release form is in a notebook or logbook at the project booth. These signed consent forms must be available upon request during set-up and the inspection process, but may not be displayed
 - c. Sample release text: "I consent to the use of visual images (photos, videos, etc.) involving my participation/my child's participation in this research."
2. Participants using any presentation or demonstration outside of a project board must be prepared to show the entire presentation to the Display & Safety Inspectors before the project is approved. All aforementioned rules apply to this presentation and the presentation may not be altered in any way after the final Display & Safety inspection. Examples of presentations that require approval include, but are not limited to PowerPoint, Prezi, Keynote, YouTube, software program/simulation and other images and/or graphics displayed on a computer screen or other non-print delivery method.

Items/Materials Not Allowed on Display or at Project Booth

1. Any information on the project display or items that are acknowledgments, self-promotions or external endorsements are not allowed in the project booth. This includes:
 - a. The use of logos including known commercial brands, institutional crests or trademarks, flags unless integral to the project and approved by the SRC via inclusion in the Official Abstract and Certification.
 - b. Personalized graphic/logo that is developed to indicate a commercial purpose or viability of an established or proposed business associated with the project, unless student-created in which it can be displayed on the board only once.
 - c. Any reference to an institution or mentor that

supported your research except as provided in the official SEFH paperwork, most notably Form 1C.

- d. Any reference to patent status of the project.
 - e. Any items intended for distribution such as disks, CDs, flash drives, brochures, booklets, endorsements, give-away items, business cards, or printed materials designed to be distributed to judges or the public. Once again, handouts to judges and to the public are limited to UNALTERED photocopies of the official abstract and certification.
2. Any awards or medals, except for past or present SEFH medals that may be worn by the participant.
 3. Postal addresses, World Wide Web, email and/or social media addresses, QR codes, telephone and/or fax numbers of a project or participant. Note: The only personal information that is permissible to include on the display is information that is also included on the Official Abstract and Certification (Participant Name, School, City, State, Country). Information regarding participant's age and grade are not permitted.
 4. Active Internet or email connections as part of displaying or operating the project at the SEFH.
 5. Any changes, modifications, or additions to projects including any attempt to uncover, replenish or return removed language or items after the approval by the Display & Safety Committee and the Scientific Review Committee has been received is prohibited.
 - a. Display & Safety inspections will include recording photographic evidence of the approved Project Display and Project booth.
 - d. Participants who do not adhere to this signed agreement on the SEFH Project Set-up Approval Form regarding this regulation will fail to qualify for competition.

Safety Regulations

Not Allowed at Project or Booth

Note: In the case in which a Participant's Project includes an item that is prohibited from display, please consider taking photographs and/or documenting the significance of the prohibited item through video.

1. Living organisms, including plants
2. Glass
3. Soil, sand, rock, cement and/or waste samples, even if permanently encased in a slab of acrylic
4. Taxidermy specimens or parts
5. Preserved vertebrate or invertebrate animals
6. Human or animal food
7. Human/animal parts or body fluids (for example, blood, urine)
8. Plant materials (living, dead, or preserved) that are in their raw, unprocessed, or non-manufactured state
9. All chemicals including water. Absolutely no liquids can be utilized in the Project Display
10. All hazardous substances or devices (Example: poisons, drugs, firearms, weapons, ammunition, reloading

devices, grease/oil and sublimating solids such as dry ice)

11. Items that may have contained or been in contact with hazardous chemicals (Exception: Item may be permitted if professionally cleaned and document for such cleaning is available) Filters (including microbial) may not be displayed unless the Display & Safety Committee can reasonably determine that the device was cleaned or was never used (please include receipts in your notebooks and/or logbooks)
12. Sharp items (for example, syringes, needles, pipettes, knives)
13. Flames and highly flammable materials
14. Batteries with open-top cells or wet cells
15. Drones or any flight-capable apparatus unless the propulsion power source removed.
16. 3D Printers unless the power source is removed.
17. Inadequately insulated apparatus capable of producing dangerous temperatures are not permitted
18. Any apparatus with belts, pulleys, chains, or moving parts with tension or pinch points that are not appropriately shielded
19. Any display items that are deemed distracting (i.e. sounds, lights, odors, etc.)
20. Personal items or packaging materials stored underneath the booth
21. Any apparatus deemed unsafe by the Scientific Review Committee, the Display & Safety Committee, or the Society (Example: large vacuum tubes or dangerous ray-generating devices, empty tanks that previously contained combustible liquids or gases, pressurized tanks, 3D printers etc.)

Electrical Regulations

Note: SEFH will not be providing participants with any source of electrical power.

Laser/Laser Pointer Regulations

Any Class 1 or Class 2 lasers, along with only Class 3A or 3R lasers, are allowed to be used provided a participant avoids indiscriminate exposure to other participants, judges, or visitors (except if passed through magnifying optics such as microscopes and telescopes, in which case they may not be used). No other lasers may be used or displayed.

1. Lasers must be labeled by the manufacturer so that power output can be inspected. Lasers without labels will NOT be permitted.
2. LEDs that consume over 1 watt, unless they are in a commercial light bulb/ fixture or otherwise shielded, will not be allowed.
3. Handheld lasers are NOT permitted.
4. Lasers will be confiscated with no warning if not used in a safe manner.

Other Safety Regulations

1. The only power sources allowed are exhibitor furnished batteries of 12V or less.
2. Disruptive students will be disqualified from the fair.
